# Titanium™ Maximum Security

Relax. We make it easy to safeguard your digital life

**Trend Micro™ Titanium™ Maximum Security** is all-in-one, easy to use protection for everything you and your family do online—email, socialise, bank, browse, shop, and more. It provides you with a friendly interface, simple screens, and clear reports.

In addition to blocking viruses and malware, Titanium Maximum Security features the new Facebook Privacy Scanner that helps you identify settings that may leave your personal information vulnerable. Also, it identifies safe and malicious links in search results as well as in popular social networking sites like Facebook, Twitter, Google+, LinkedIn, and Pinterest.

With customisable parental controls, Titanium helps keep your children safe from cyber-criminals and inappropriate online content. Titanium makes security effortless for you by providing set-and-forget security that won't pester you with annoying alerts and pop-ups. Trend Micro Titanium is protection made easy.
